

1 Fold a piece of paper in half, lengthwise. Open out again.

2 Fold the top left corner down so the top edge touches the centre crease. Do the same with the top right corner.

3 Fold in the left side again to the centre crease. Fold in the right side again to the

4 Fold the paper in half along the original crease.

5 Fold the sides down to the original crease.

6 Hold the plane along the original crease - and let it fly!
